Mike Prescott made a motion and was seconded by Doug Jensen to accept the agenda with the changes. Motion passed unanimously.

Minutes:A motion was made by Mike Prescott and seconded by Dottie Conerly to approve the minutes. Motion passed unanimously.

Bionitrogen Inducement Resolution

Before any discussion took place,Donald Samuels announced that he had a conflict with this topic due to his son being an employee of Bionitrogen.A conflict of interest form was filled out and is on file and the EDO office.

Steven Southwell,Attorney for Bionitrogen,was before the Board today presenting an inducement resolution which is the first step in the process for bond financing. They are seeking the IDA to issue bonds in an amount to not exceed \$300,000,000 pursuant to Chapter 159.Donnie Cunningham,Jones Walker firm,Bionitrogen's specialcounsel,was also here to answer questions related to the bond structure. If we pass the resolution,Bionitrogen can start spending money.Duestche Bank is buying severalof the bonds and will loan the money to Bionitrogen.Director Lambert brought up that the legal name for Bionitrogen has changed and that it should be reflected in any new documents going forward. The entity name is still the same,just each plant location will have a specific name. The site does not impact the bond issue.Attorney Evers advised the Board that he would like to consult with outside bond counselto review the inducement resolution.

EDC/IDA meeting security discussion

Major Randy Dey was here to answer any questions related to the new security measures that would be taking place in the BOCC chambers. Metal detectors will now be used to enter the board room as well as a hand wand. Director Lambert brought up the discussion about compensating the Sheriff's office for their deputies to attend our meetings. Off duty pay is \$30/hr with a 3 hour minimum. The Sheriff's office will invoice the IDA for the deputies' time at our meetings.

John O'Neal made a motion and was seconded by Dottie Conerly for the Hardee County Sheriff's Office (HCSO) to provide security for our meetings and to compensate the HCSO when invoiced. Motion passed unanimously.

EDA Grant Applications

Sarah Pelham reviewed the applications that the office would like to submit to the EDA. More detail was provided this time. The applications that Sarah Pelham is seeking approval for is: EDC funding (\$150K), Spec building 20k sq/ft (\$BOOK), Pretreatment facility Phase 2 (\$385K), water/sewer (\$500k), Supplemental funding for Florikan (\$400K), Incubator Round 2 (\$1.8M)

Doug Jensen made a motion and was seconded by Gene Davis to approve submitting all of the applications. Motion passed unanimously.

Chastain Skillman

Olivia Minshew, City of Wauchula, was here to review a proposal from Chastain Skillman in the amount of \$19,355 for the topographic corridor survey and subsurface utility locates for North Florida Avenue from the PRECO building north to REA Road and then east along REA Road through the east right of way of US 17. The purpose of this is to have the survey work done so that in the future they can design the infrastructure that would need to be constructed to extend the City of Wauchula's water/wastewater extension along the above right of ways.

Doug Jensen made a motion and was seconded by Diana Youmans to approve the proposal from Chastain Skillman and appropriate the funds from the EDA grant. Donald Samuels voted no. Motion passed.

Project Updates

Incubator- Director Lambert would like to start taking the members individually on tours of the building. The fill line equipment should be installed in the middle of June.

Commerce Park Expansion- 1 hearing has been done by the BOCC. The 2nd hearing is scheduled for this Thursday.

Florikan- At this week's BOCC meeting, they will take up the definition of a fertilizer plant. We are waiting on the construction of the building. The design and architectural phases can move forward after the BOCC meeting.

Continuum Labs- This is on hold.

Financial Report

Charlie Cox, accountant at Wicks, Brown, Williams & Co., was here to present budget amendments to the general fund. The items had been previously approved in previous months. They just need to be

reflected in the budget. The amendments were the BOCC board room improvements, Commerce Park rezoning consulting fee and the fill dirt/site development for Lot 13.

Diana Youmans made a motion and was seconded by Lory Durrance to approve the general fund budget amendments. Motion passed unanimously.

Sarah Pelham reviewed the EDC and IDA financials from the previous month.

A motion was made by Gene Davis and seconded by Monica Reas to approve the EDC and IDA financials. Motion passed unanimously.

*Meeting was adjourned at 12:35 pm by a motion from Mike Prescott and a second from Diana Youmans. Motion passed unanimously.

Agenda: Director Lambert asked that the Board add a discussion related to Energy Florida to the agenda.

Gene Davis made a motion and was seconded by Monica Reas to accept the agenda with the addition. Motion passed unanimously.

Energy Florida

Director Lambert will be meeting with them tomorrow. They can help vet projects. They are formally known as Space Coast Energy Consortium. No action was taken on this item today.

Bionitrogen Inducement Resolution

Before any discussion took place, Donald Samuels announced that he had a conflict with this topic due to his son being an employee of Bionitrogen. A conflict of interest form was filled out and is on file and the EDO office.

Attorney Evers had outside bond counsel review the resolution. A draft copy was provided to the Board with the changes/additions noted. This resolution is not an obligation by the Board nor is the Board responsible to pay any money back. Attorney Evers pointed out the section in the resolution regarding attorney fees. We should have some sort of retainer provision. Attorney Evers suggested that we should have a deposit of \$10,000 as a retainer to cover anticipated attorney fees that would be incurred by the Authority. It also states that "in the event the retainer is insufficient to cover all fees incurred prior to the closing, Borrower shall replenish the retainer deposit upon written demand by the Authority in an amount set forth in such demand". The Board should receive the deposit before any time is spent on this.

Steven Southwell, Bionitrogen's attorney, reviewed his suggestions for the resolution. His suggestion was to not have an amount listed in the attorney's retainer fee and to also leave the retainer with the attorney and not with the Board.

An application and guidelines will need to be developed for the bond process.
The word "secretary" will be removed from Section 9 as well.

A motion was made by Gene Davis and seconded by Mike Prescott to adopt the resolution with the language proffered by Steven Southwell with respect to the attorney's fees discussed in the meeting today. Lory Durrance voted no and Donald Samuels abstained. Motion passed.

A motion was made by Mike Prescott and seconded by John O'Neal to adjourn the meeting.

Meeting was adjourned at 2:59pm.

DRAFT

AGREEMENT FOR FUNDS UTILIZATION
BETWEEN
SOUTH FLORIDA STATE COLLEGE
AND
HARDEE COUNTY ECONOMIC DEVELOPMENT COUNCIL

South Florida State College (SFSC) and the Hardee County Economic Development Authority (EDC) hereby enter into a consortium agreement concerning support of the full-time University of South Florida Small Business Development Center Certified Business Analyst located at SFSC through the distribution of mutually agreed upon funds budgeted and approved as follows:

2014-15 SBDC Budget

South Florida State College	\$19,180.00
Highlands County	\$11,000.00
Hardee County	\$ 3,500.00
DeSoto County	\$ 3,500.00
TOTAL	\$37,180.00

The Certified Business Analyst will:

1. Provide one full-time Certified Business Analyst to be located at the College in Highlands County.
2. Provide at no cost one-on-one business consulting to existing and potential small business owners in DeSoto, Hardee, and Highlands Counties.
3. Continue community outreach with financial institutions, chambers of commerce, economic development agencies, and other similar agencies.
4. Provide a minimum of 10 low-cost entrepreneurial training events throughout DeSoto, Hardee, and Highlands Counties during the contract period.
5. Consult a minimum of 100 clients in DeSoto, Hardee, and Highlands Counties (to include consulting, preparation time, and client site drive time).

Payment and Invoices

In consideration of SFSC performing as fiscal agent under this Agreement, the EDC will pay SFSC a fixed price total of \$3,500.00 as invoiced by SFSC. The EDC will issue payment within 30 days after receipt of an acceptable invoice from SFSC.

Modification of Agreement

This Agreement may be modified by a written amendment to this Agreement, signed by both parties.

DRAFT

Liability

Each party is responsible for all claims arising out of its own performance under this Agreement and that of its employees, volunteers, and students.

Independent Contractors

The parties to this Agreement are independent contractors, and the officers, employees, agents, subcontractors, or other contractors of one shall not be deemed by virtue of this Agreement to be the officers, agents, employees, subcontractors, or other contractors of the other.

Term and Termination

1. This Agreement shall remain in effect until September 30, 2015.
2. Either party may terminate this Agreement, at any time by mutual written consent and with or without cause, upon no less than 30 days' written notice to the other party.
3. Upon early termination the EDC will compensate SFSC for costs and non-cancellable commitments incurred prior to the date of termination.

By their signatures below, both parties acknowledge and agree that they will comply with all applicable Federal, State, and local laws, regulations, and guidelines relating to their performance under this Agreement, including but not limited to those pertaining to nondiscrimination, privacy rights of participants, maintenance of records, and confidential information.

Charlotte County Hardee County Industrial Development Authority

INDUSTRIAL DEVELOPMENT REVENUE BOND (IDRB) FINANCING CHARLOTTE COUNTY HARDEE COUNTY INDUSTRIAL DEVELOPMENT AUTHORITY GUIDELINES AND PROCEDURES

INTRODUCTION

Industrial Development Revenue Bonds (IDRBs) are securities issued by a local governmental agency, such as the Charlotte County Hardee County Industrial Development Authority, for the purpose of financing capital projects. The Charlotte County Hardee County Industrial Development Authority (IDA) recognizes the importance of IDRBs, also known as "private activity bonds", as a viable method of financing industrial relocation and expansion.

The IDA encourages both companies interested in locating in Charlotte County Hardee County and companies presently located in Charlotte County Hardee County to explore the use of IDRBs to finance projects. When the IDA assists with the issuance of bonds, it is accomplished in the form of an Inducement Resolution and a Memorandum of Agreement between the IDA and the company requesting the use of IDRB's. It is recommended for the company (applicant) to seek approval of the Inducement Resolution prior to commencing work on the project or acquiring land, materials or equipment, otherwise, the cost of such work may not be reimbursable from the proceeds of the IDRB.

The information in these Guidelines and Procedures is intended to assist businesses in determining whether their project may be appropriate for Charlotte Hardee County Industrial Development Revenue Bond financing. These Guidelines and Procedures are not intended to be a statement of the current law on the subject. Applicants should retain financial consultants and bond attorneys to ensure that they have knowledge of the most current laws, rules, and regulations related to their particular project at the time at which they engage in financing.

These procedures and guidelines are effective as of April 30, 2006.

LEGISLATION AND REGULATION

Industrial Development Revenue Bonds are subject to several state and federal laws and regulations, including:

1. General Statutes of Florida, Chapter 159, Parts II, III, V, and VI, as amended.
2. Constitution of the State of Florida, Article VII, Sections 10 and 12.
3. General Statutes of Florida, Chapter 75, Bond Validation and Chapter 189, Special Districts.
4. Sections 141-150 of the Internal Revenue Code of 1986, as amended, (the "Code") and applicable regulations of the Department of the Treasury.
5. Section 3(a)(2) of the Securities Act of 1933, as amended, and Rules 10b-5 and 15(c) 2-12 promulgated there under.

ADVANTAGES

Industrial Development Revenue Bonds offer several advantages over conventional financing methods.

1. Since IORBs are considered limited and special obligations of governmental units, the interest on the bond may not be subject to federal income tax and certain state and local taxes, including intangible taxes and documentary stamp taxes. If the interest is excluded from gross income for purposes of federal income taxation, the purchaser of the bond does not need to charge the same net rate of return as if it were making a loan on a conventional basis. The lower interest costs are passed on to the borrower and generally expressed as an interest differential available to the company through IORB financing as opposed to a conventional financing. This interest differential ranges from 2.0% to 3.0%. For example, an interest differential of 3.0% on a \$2 million issue over a period of 20 years would generate just over \$1 million (\$1,037,102) in savings.
2. Some capital costs associated with the acquisition of an industrial project and incurred within the 60-day period prior to the date on which the Authority has adopted an Inducement Resolution for the project may be financed. These may include:
 - a. Up to 25% of bond proceeds may be used to acquire land, including the cost of surveys and title insurance.
 - b. The cost of construction.
 - c. The cost of demolishing, removing, or relocating any buildings or structures on lands so acquired.
 - d. The cost of new machinery and equipment.
 - e. The cost of interest during construction and for a reasonable period thereafter.
 - f. The cost of engineering and architectural surveys, plans and specifications.
 - g. The cost of consultant and legal services directly related to the issuance of bonds (up to 2% of the proceeds of the bonds).
 - h. The cost of reimbursements to any state or other governmental agency for expenditures directly related to the project.

- i. The cost of other expenses necessary or incidental in determining the feasibility or practicability of such construction, acquisition, demolishing, removing or relocating (subject to the same 2% limitation).
 - j. The cost of bond insurance, letter of credit fees and similar costs.
3. Industrial Development Revenue Bonds may be exempt from registration under the Securities Act of 1933 and the 1939 Trust Indenture Act. Industrial Development Revenue Bonds are, however, subject to the fraud provisions of the Securities Act of 1934 and other applicable securities laws requiring full and complete and/or continuing (or secondary market) disclosure.
 4. The company using the financing may be treated as the owner of the project for federal income tax purposes. As the owner, the accounting treatment of projects financed with Industrial Development Revenue Bonds may allow the company to receive the applicable investment tax credits, the depreciation of the depreciable assets, and that portion of the rental or purchase payments which equals interest on the bonds and the capitalization of the project costs.
 5. Interest rates and terms are generally negotiated by the company and the bond purchaser or investment banker and are usually quite flexible in order to fit both the company and investor/purchaser's objectives. Payment schedules may include level debt service payments, interest only during construction or uniformity, balloon payments and others.
 6. Typically, smaller issues (less than \$2 million) are privately placed directly with a single financial institution, while larger issues may be sold through private placement or at public sale with the services of an underwriter. Florida Statutes requires that bonds which are to be privately placed be rated in one of the four highest rating categories, credit enhanced by a rated financial institution or accompanied by an independent financial study demonstrating the ability of the company to meet the debt service payments.

Since the repayment is guaranteed solely by the company's ability to generate the revenues required to make debt service payments, the terms of the loan and the interest rate on the bonds will be a combination of the assessment of risk to which the investor/purchaser may be exposed, the financial strength of the company, the nature of the assets being financed, and existing money market conditions, including the investor/purchaser's appetite for the tax exempt income.

QUALIFICATIONS

The qualifications for Industrial Revenue Bond Financing are established by Federal and State regulations and by the policies adopted by the Issuing agency of local government. While the maximum issue is set by Federal regulations, the minimum issue size is a function of market conditions. Generally, the break-even point, below which conventional forms of financing may prove to be less expensive overall, is considered to be \$3,000,000. This is primarily a result of the fact that the issuance costs associated with this type of financing are greater than those associated with a conventional financing. There are numerous types of projects which may be eligible for tax exempt financing. Some of these are discussed below. However, the list is not, and is not intended to be, all-inclusive. Applicants should check with their attorney or the Authority's bond counsel to determine what alternatives are available to them.

Florida Statute §159.27(5) broadly define qualified projects as including, without limitation, the following:

- Manufacturing facilities
- Research and development facilities
- Warehouses
- Corporate offices
- Telecommunications facilities
- Central air conditioning facilities
- Logistics facilities
- Transportation facilities
- Information technology facilities
- Research and development facilities
- Professional offices
- Pre-engineered metal buildings
- Airports
- Electric power facilities
- Cellular telephone facilities
- Public utility facilities

Project Qualifications:

1. **Manufacturing Facilities**
 Several sections of the Internal Revenue Code deal with the size of Industrial Development Revenue Bond issues for manufacturing facilities. The Code, in general, states that interest on certain small issues of private activity bonds is excluded from income if at least 95 percent of the bond proceeds are used to finance manufacturing facilities ("qualified small-issue bonds"). Qualified small-issue bonds are those for which the aggregate face amount of the issue, together with the aggregate amount of certain related capital expenditures within the same jurisdiction during the six-year period beginning three years before the date of the issue and ending three years after that date, does not exceed \$10 million.
2. **Exempt Facilities-Water, Sewer, Solid Waste, Qualified Residential Rental**
 Section 142 of the Code provides for the issuance of private activity tax exempt bonds for certain projects including, without limitation, water and sewer facilities, solid waste disposal facilities and qualified residential rental projects. There is no limitation (other than volume cap allocation, discussed below), on the amount of such bonds which can be issued.
3. **Qualified 501 (c)(3) Facilities**
 Section 145 of the Code provides for the issuance of private activity tax exempt bonds to finance facilities owned and operated by organizations exempt from federal income tax pursuant to Section 501(a) of the Code by reason of being an organization described in Section 501(c)(3) of the Code. Such projects include, but are not limited to, health care facilities such as nursing homes, hospices, hospitals and assisted living and residential units.
4. **Limitations:**
 Industrial Development Revenue Bond financing has been limited in several ways by recent federal tax legislation. Some of these include:
 - a. Limit on Land Acquisition Pursuant §147(c)(1)(A) of the Code, Industrial Development Revenue Bond proceeds for manufacturing facilities can be

- applied to the purchase of land for a project only if the cost is less than 25% of total bond proceeds.
- b. Restrictions of Purchase of Existing Buildings and Equipment. Pursuant to §147(d)(2) of the Code, existing buildings can be purchased only if at least 15% of the total cost of acquiring the facility is used for renovation expenditures. This restriction is not applicable to 501(c)(3) financings.
 - c. Per-User Limit Pursuant to 144(a)(10) of the Code, principal users of Industrial Development Revenue Bond-financed projects cannot have more than \$40 million of tax exempt facility related bonds, which includes IDRBS, outstanding at any time. This rule does not apply to 501(c)(3) financings.
 - d. Non-Qualified Projects Pursuant to §147(e) of the Code, airplanes, stadium skyboxes, gambling facilities, health clubs and liquor stores cannot be financed with IDRBS.
 - e. Arbitrage Restrictions Pursuant to §148 of the Code, arbitrage profits must be rebated to the U.S. Treasury Department, with certain exceptions related to the expenditure of construction funds.
 - f. State Volume Caps Pursuant to §146 of the Code and F.S. §159.804, an annual volume limitation is imposed for each state's issuance of IDRBS. Each applicant is required to obtain an allocation for its issue from the volume cap pool which is administered through the State Division of Bond Finance. However, this rule does not apply to 501(c)(3) financings.
6. Chaffee Hardee County Industrial Development Authority Requirements:
The Chaffee County IDA requires the proposed projects be capable of producing tangible economic benefits in the form of new employment, the preservation of existing employment, new capital investment, or combinations thereof.
 7. Bond Validation:
Should the company, the bond investor/purchaser, the Chaffee County IDA, or bond counsel believe that a proposed project or its financing structure does not fit squarely within the definition of a qualified project under the Florida Statutes, the Chaffee County IDA may require the bonds to be validated in the Florida courts, pursuant to Florida Statutes Chapter 75, before issuance.
 8. Form of IDRBS Financing Arrangements:
Under Florida Law, the two principal forms of IDRBS financing instruments are loan agreements and installment purchase agreements. The payments required under either must be sufficient to pay the interest and principal when due on the bonds and all costs of owning, operating, and maintaining the financed facilities. Regardless of which form of financing is used, the length of the term of payment cannot be less than the term of the bonds which, in turn, cannot be greater than 120% of the useful life of the facilities being financed. Other documents generally required include a mortgage and security agreement, a trust indenture or assignment of issuer's rights, a bond purchase agreement, and where appropriate, a credit enhancement facility.

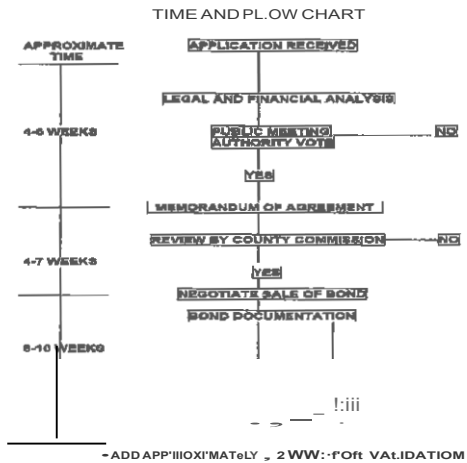

PROJECT ELIGIBILITY APPLICATION

Application for the issuance of Industrial Development Revenue Bonds shall be made directly to the **Gt:tarle"e County** Industrial Development Authority upon company letterhead and shall include eight (8) copies of the following information:

1. **Company Information:** Company name, parent company name, names of principal operating officers, business address and telephone number, and a description of the company, its history and operations. Complete description of the manufacturing process contemplated and the product produced. If any hazardous materials are used or produced, estimate and describe the control on these. A detailed account of any improvements and/or construction contemplated.
2. **Property Description:** A detailed description of the real property involved, including the trap number, street number and number of existing buildings. A map showing the location of the property, which this map can be obtained from the **Gt:tarle"e County** Property Appraiser's Office. The present zoning and comprehensive plan designation for the property together with a description of any special utilities or infrastructure needed to serve the proposed project.
3. **Amount of Request:** Specific amount in U.S. Dollars being requested to be raised by issuance of Industrial Development Revenue Bonds. An estimate in U.S. Dollars of the total cost of the project.
4. **Intended Use:** A statement regarding the intended use of bond proceeds with regard to land acquisition cost, construction cost, engineering/architectural fees, machinery and equipment cost, legal/financial fees.
5. **Anticipated Company Performance:** A statement indicating the applicant's estimate of company performance as a result of new investment made possible by Industrial Development Revenue Bonds, including new employment, or existing employment to be preserved. An estimate of ad valorem taxes anticipated should be included.
6. **Security:** A statement indicating the proposed security for the bonds.
7. **Bond Sales Method:** A statement as to the proposed method of sale of the bonds.
8. **Financial Statements:** Conventional financial statements prepared in accordance with generally accepted accounting principles for the three (3) immediately preceding years. An audited statement is required for the latest fiscal year prior to the closing of the bond sale. Information should be available concerning outstanding debts, earnings history, and copies of annual reports or of Form 10-K filed with the Securities and Exchange Commission, if applicable.
9. **Advisor Contact Information:** The names and addresses of the attorney and CPA who will represent the applicant.
10. **Filing Information:** All eight (8) copies of the application and supporting materials, together with the application fee, must be filed with the **Gt:tarle"e County** Economic Development Office, 1114 Q1M : rees1 CifSie, S1:1ite liQ:tl, PeFt Cl:larlette.j;b 33948 107 East Main Street Wauchula, FL 33873, at least twenty (20) days prior to the application being considered at a public meeting of the **Gt:tarlatte Hardee County** Industrial Development Authority.

APPLICATION PROCESSING

- Copies of the application will be distributed to each member of the Cl:laFiette Hardee County Industrial Development Authority, Authority Counsel, Authority Bond Counsel, and appropriate County staff.
- A financial analysis will be conducted either by the Authority staff or an independent financial analyst
- Legal notice of a public hearing on the application will be published fourteen (14) days in advance of the scheduled meeting of the Authority.
- Both the legal and financial analysis of the project will be provided to Authority members at least ten (10) days prior to the scheduled meeting.
- On completion of the public hearing, the Authority may, at its own discretion, entertain a motion to enter into a Memorandum of Agreement with the applicant.
 - If the motion fails to carry, the action of the Authority is deemed final and conclusive.
 - If the motion carries, the Authority Counsel or Authority Bond Counsel will submit to the County Attorney, the legal proceedings and a transcript of the Authority's public hearing for consideration by the Board of County Commissioners.
- The Authority Counsel or Authority Bond Counsel will prepare a written report addressing the legal conformity, financial feasibility and public purpose aspects of the project and submit this report to the Board of County Commissioners and appropriate County staff.
- The Authority Counsel or Authority Bond Counsel will ask to appear before the County Commission at the earliest possible weekly meeting to request, officially, the Board's confirmation of the Authority's action.
- The Commissioners' action at the meeting, to confirm or disapprove the Authority's action, will be deemed final and conclusive.

BOND COUNSEL AND PREPARATION OF BOND DOCUMENTS

1. The preparation of all documents necessary for the sale of bonds shall be performed by bond counsel selected by the Cl:larlette Hardee County Industrial Development Authority.
2. Should the applicant request that legal counsel other than that selected by the Cl:larlette Hardee County Industrial Development Authority serve as Bond Counsel, he may submit the name of the proposed Bond Counsel to the Authority for consideration of said request. The Authority *in Its sole discretion* may grant or deny applicant's request. Applicant's request, however, shall not be considered unless the proposed Bond Counsel is recognized as having expertise in the field of Industrial Development Revenue Bond financing. Notwithstanding the above, the Cl:larlette **County** Industrial Development Authority shall have the unrestricted final authority to select the Bond Counsel.
3. Issuance fees are paid by the company and up to two percent (2%) of the proceeds of the bonds may be used to reimburse the company for such costs. Typically, they include bond counsel fees, local counsel fees, underwriting discounts and where required, Authority counsel fees, official statement printing costs, trustee fees, title insurance, and miscellaneous expenses. At the closing of the bond issue, a financing fee will be paid to the Cl:larlette Hardee County Industrial Development Authority in accordance with the following fee schedule:
 - a. **Application Fee:** Upon application, applicant will remit an application fee in accordance with the following schedule:
 - Bond application amount:

\$0-5 million	\$1,500.00
Over \$5 million	\$2,500.00
 - Refunding of existing issues: \$1,500.00
 - b. **Financing Fee:**
 - % of the first \$5 million \$5,000 per \$ Million
 - X % of the second \$5 million \$2,500 per \$ Million
 - 118 % thereafter \$1,250 per \$ Million

TIMING

Most Industrial Development Revenue Bond issues processed through the Cl:larlette **County** Industrial Development Authority will require approximately 90 to 200 days from the point of initial processing to closing when bond proceeds will be available, providing however, that validation is not required. If validation is required, this time period will be increased by a minimum of 90 days depending on court availability. This time period is dependent upon when the company and the purchaser complete the negotiation of terms of the bond issue. Included in this time period is the controlling date of "official action" or "inducement". Official action by the Authority as required by the Internal Revenue Code is established by the execution of the Memorandum of Agreement which states that in return for the company's agreeing to proceed with the project which will impart certain economic benefits to the community, the Industrial Development Authority agrees (subject to certain conditions) to issue bonds for the purpose of financing the proposed project. Any expenditure or commitment to expend funds on the project, such as land contracts, equipment orders, etc., made earlier than 60 days prior to the date of Inducement cannot be refinanced with the proceeds of IDRBs. Generally, official action will require approximately 3 to 4 weeks from the date of initial processing.

SALE OF BONDS

The action of the Authority in entering into a Memorandum of Agreement with the applicant for the issuance of Industrial Development Revenue Bonds should not be construed as indicating the marketability of the bonds, but rather that the Authority will issue its bonds (subject to certain conditions) if a willing purchaser can be found and upon the execution of bond sale documents mutually agreeable to all parties. As the obligation for repayment of Industrial Development Revenue Bonds rests solely with the applicant, and neither the Authority, the County, the State, nor any municipality is responsible for their repayment or any associated expense, it is the policy of the Authority that, subject to the conditions contained herein, or as may be adopted at a later date, the manner in which the bonds shall be sold, so long as complying with all applicable federal and state statutes, shall be the prerogative of the applicant. However, the Authority reserves the right to review the credentials of any investor, financial institution or investment banker chosen and to reject the same upon good cause shown. Further, except in certain exceptional cases, the Authority discourages the use of unrated publicly sold bonds. In general, prospective bond issues not considered of investment grade quality may be sold at private sale or by limited public offering usually in bond denominations of not less than \$100,000, unless otherwise waived in the sole discretion of the Authority. For purposes of this paragraph, the term "limited public offering" shall be defined as an offering made only to qualified institutional investors, not more than 35 in number. The intent of this paragraph is applicable not only to the initial sale of the bonds, but to resales, if any, in secondary markets and shall be incorporated in the bond sale documents. Prospective issues of investment grade quality bond issues may be sold at public or private sale in bond denominations of not less than \$5,000 each. Investment grade quality shall be determined as meeting one of the following tests.

1. A rating of the issue equivalent to or better than Moody's Baa or Standard and Poor's BBB.
2. A rating or recently issued debt instrument(s) of company of similar term and security as that of the prospective bond issue equivalent to or better than that stated above. The Authority shall not recommend or suggest to the applicant, any investor, financial institution, or investment banker to be used in the sale of bonds. Upon the applicant's request, the Authority may provide the applicant with a list of investors, financial institutions and investment bankers who have advised the Authority of their interest in purchasing or placing the Authority's Industrial Development Revenue Bonds.

DISPOSITION OF PROCEEDS OF BOND SALE

Following the sale of the bonds, the proceeds will be deposited in a trust account with the Trustee, to be disbursed for the acquisition and/or construction of the project according to a schedule provided in one or more of the bond sale documents. The Authority will be concerned with the disposition of the proceeds to the extent that they are used for items allowed by governing statutes and portions of the project as authorized in the memorandum of Agreement and bond sale documents.

WAIVER OF GUIDELINES AND PROCEDURES

The Industrial Development Authority reserves the right to waive any of the aforesaid Guidelines and Procedures upon good cause shown by Economic Development Office or by any corporation, firm, or business concerned with the proposed Industrial Development Revenue Bond Issue.

CONFIDENTIALITY OF RECORDS

Pursuant to Florida Statute §288.075 and at the request of the company, the records, reports, data, and documents which contain information concerning plans, intentions, or interest of any manufacturing company or other business to relocate or expand any of its business activities shall be kept confidential and not open to public inspection for a period not to exceed 24 months from the date the Charlotte County Industrial Development Authority receives a request from the company for confidentiality. An applicant's request for confidentiality must be submitted in writing to the Charlotte Hardee County Industrial Development Authority on company stationery and the applicant must identify the information, reports, and documents which they want kept confidential.
